- 30 Finalists
- 36 Audience Award Nominees
- 37 Mentors & Jurors
- 44 Advisory Board

**CONGRATULATIONS
TO ALL THE
WINNERS
OF >>VENTURE>>
2024!**

Dear >>venture>> community,

The day of the Award Ceremony is a special occasion. Ask any former participant, and they will recount their adrenaline rush, emotional rollercoasters, and the lifelong connections and friendships formed on this day.

We must admit, it's also our favorite day of the year: witnessing the future of our economy unfold from a front-row seat is truly inspiring.

This year, we are thrilled to announce that 329 teams participated in >>venture>>, coming close to our record year. From tonight's 18 winners competing tonight for the Grand Prize, here are the trends:

YES, WE CARE: 9 out of the 18 startups are directly or indirectly involved in the sustainability sector.

All startups contribute to at least one of the UN's Sustainable Development Goals (SDGs).

FEMALE ENTREPRENEURSHIP: 6 out of the 18 startups have a female founder.

ADVANTAGE ZURICH: 5 out of the 18 startups are spin-offs from ETH Zurich, and 2 more are based in the canton of Zurich.

On behalf of >>venture>>, we wish you an inspiring evening and thank you for venturing forward with us.

Ulrich Jakob Looser
Chairman of the
>>venture>> foundation
Partner of BLR & Partners AG

Lea Firmin
CEO of the
>>venture>> foundation

PROGRAM

- 18:30 Welcome address by ETH
- 18:35 Introduction by
Ulrich Jakob Looser,
Chairman of the
>>venture>> foundation
- 18:45 Health & Nutrition Awards
- 18:50 ICT Awards
- 18:55 Industrials & Engineering
Awards
- 19:00 Audience Awards Voting
- 19:05 Keynote by Sabine Keller-Busse,
President Personal &
Corporate Banking and
President UBS Switzerland
- 19:15 Audience Award Results

- 19:20 Finance & Insurance Awards
- 19:25 Retail & Consumer Services Awards
- 19:30 Social & Environmental Impact Awards
- 19:40 Grand Prize Winner
- 19:45 Closing
- 19:50 Apéro

Scan the QR code after the Award Ceremony for a recap of the final rankings, who won the public vote in the Audience Award and which startup took home the 2024 Grand Prize.

>>VENTURE>> EVENTS OVER THE YEAR 2023

André Catana
Head of Unit, Venture Builder
Vice Presidency of Innovation, EPFL

André Catana, Head of the Venture Builder, Vice Presidency of Innovation at EPFL, giving a welcome speech during the 2024 >>venture>> Kickoff event in Lausanne.

Fireside chat about how nonprofits and impact entrepreneurship ventures can drive innovation with Caroline Kant, founder of EspeRare, and Lea Firmin, CEO of >>venture>>, during the Global Entrepreneurship Week (GEW) in Geneva.

Maximilian Moser, Co-founder and CTO of Biosimo, 2023 >>venture>> Grand Prize Winner, giving a keynote speech during the 2024 >>venture>> Kickoff event at ETH Hnggerberg in Zurich.

Behind-the-scenes of CLIMADA Technologies being filmed for the Audience Award.

Mentors, Jurors, and Alumni at the >>venture>> Kickoff event at ETH Hnggerberg in Zurich on October 26, 2023.

ClimaLinks, 2024 ICT finalist, pitching in front of our panel of experts for Jury Round 2 at the McKinsey offices in Zurich.

Talent Kick's Kickoff event featuring a selection of >>venture>> mentors and jurors in Bern on February 19, 2024.

Seasoned and aspiring entrepreneurs, industry experts, startup coaches, investors, and startup support organizations gathered on October 31, 2023 at EPFL to kick off the 2024 >>venture>> edition.

>> VENTURE >> PROCESS

Registrations

OCTOBER 2023 TO FEBRUARY 2024

329 participants submitted a 10-20 page startup plan to take part in the competition

Jury Round 1

MARCH 2024

196 jurors evaluated startup plans online & selected 60 finalists (10 per vertical)

Mentoring

APRIL 2024 TO JUNE 2024

Finalists and early birds benefited from the expertise of our accomplished network of startup coaches

Jury Round 2

MAY 2024

Finalists pitched their idea to a live jury who selected the top 3 per vertical

Final Pitch

JUNE 17, 2024

The Advisory Board members, split into 6 verticals, rank the winning teams

Grand Prize Pitch

JUNE 17, 2024

1st ranked teams pitch one final time in front of the assembled Advisory Board to win the overall Grand Prize

Award Ceremony

JUNE 17, 2024

2024 >> VENTURE >> FINALISTS

FINANCE & INSURANCE

DECENTRALIZED ENERGY CORPORATION

A marketplace to help companies quickly and easily purchase the exact number of fractions of photovoltaic plants needed to comply with sustainability laws.

info@decentralizedenergycorp.com

ELYSIUM LAB

A wallet for digital assets and bitcoin. Their multi-factor key algorithm redefines the concept of self-custody and increased security ownership.

info@elysiumlab.io

EVOREST AG

A digital platform that revives unproductive rental deposits, allowing tenants to invest in ETFs earning returns and countering inflation.

info@evorest.ch

FORTUNNITY SA

A personal finance management app that allows you to make more informed decisions to guarantee the stability of your economic future.

info@fortunnity.ch

INFROBASE

"Tinder" for infrastructure investment opportunities connecting investments with institutional investors worldwide through a SaaS platform.

anwoi@proton.me

INGAGEME!

EnsureGrowth is an AI-powered and customizable game specifically designed for the insurance industry to boost customer acquisition and profitability.

welcome@ingage.institute

MOON AI

A copilot to help VC and PE analysts speed up and simplify due diligence and adopt data-driven practices.

team@moonai.io

HEALTH & NUTRITION

ARTEMIX BIOTECH

A unique patented local drug delivery system to overcome vein obstruction for patients worldwide who require hemodialysis.

laurent.vinet@unige.ch

HEALACTIVELY AG

A 'back wellness expert' app powered by AI, that revolutionizes the self-management of persistent back pain with a low cost, highly scalable solution.

support@healactively.com

hestia

HESTIA THERAPEUTICS

A novel approach to profoundly impact the 70% of cancer patients that are not benefitting from current standard of care.

anita.scheuber@hestiatx.com

NEOSENS

A Point-of-Care, AI-based diagnostic platform designed for the early detection of hospital-acquired infections, starting with neonatal sepsis.

mateo.hamel@neosens-dx.com

NEURIA

A patented neurocognitive motor training system with which we deliver digital therapy via mobile games to rewire patients' brains and treat addictions.

contact@neuria.ch

ONESCOPE

An AI-powered medical device for precise and decentralized respiratory diseases diagnosis, monitoring, and management.

info@onescope.ch

CALICO BIOSYSTEMS

An experimental & digital platform that tests and reliably predicts the efficacy of anti-cancer therapeutics on native patient tumors.

marieagnes.doucey@

calicobiosystems.com

2024 >> VENTURE >> FINALISTS

INDUSTRIALS & ENGINEERING

CONDENZERO AG

A solution for cooling electron microscopes in 1min (instead of 2h) and maintaining temperatures for 24h (instead of 15 min).

dsutter@condenzero.com

divea

DIVEA

By making CO₂-sized holes on graphene, a 1 atom thick material, this solution can dramatically reduce the cost of carbon capture.

contact@divea.ch

EMISSION

An data provider that tracks, benchmarks, monitors and reduces electricity emissions, enabling companies to be true energy transition actors.

contact@emission.io

FLOATING ROBOTICS AG

Robots for harvesting and de-leafing in high-tech greenhouses, relieving farmers from labor availability and fluctuations.

info@floatingrobotics.com

REDUCO2

A solution to bind CO₂ into graphite, a versatile, durable and critical raw material that can then be used by other industries.

ReduCO2@outlook.de

SWISTOR SA

A cleantech startup specializing in high power, long lasting energy storage devices for more efficient consumer electronics and IoT devices.

clara.moldovan@swistor.com

INSEIT AG

Immobilize to go further - empowering biotechnology for the chemical industry. De-risking the integration of biotechnological tools into the chemical industry.

info@inseit.ch

ICT

AUGMEDI AG

A software startup that researches, develops and provides augmented reality software for medical students and professionals.

info@augmedi.com

BESSO LTD.

A novel trade compliance automation platform that helps companies untangle their supply chains by instantly tracking and applying global trade regulations.

philip@besso.com

BRIGHTSIDE AI

Helping SMBs fight AI-enabled cyber attacks with quick to set up, personalized threat

detection & mitigation tools at a low cost.

al@brside.com

CLIMALINKS AG

Using AI to translate weather data into actionable intelligence to proactively manage risks and safeguard communities and businesses.

contact@climalinks.com

EX NUNC INTELLIGENCE SA

An EPFL LegalTech spinoff poised to revolutionize the legal industry by developing a software that leverages the latest advances in AI, ML and NLP.

hello@exnuncintelligence.ch

GONIÑA

Empowering small to medium food vendors to minimize food waste and sell surplus food through AI forecasting and a flexible consumer marketplace.

contact@gonina.com

IRMOS TECHNOLOGIES AG

An ETH Spin-off that enables owners of infrastructure and buildings to safely maximize the service life of their assets based on sensor data and AI.

info@irmos-tech.com

2024 >> VENTURE >> FINALISTS

RETAIL & CONSUMER SERVICES

9 MEADOWS GMBH

Non-alcoholic spirits alternatives made of natural botanicals sourced in the Swiss Alps, designed to be mixed with unique flavor combinations.

armina@9meadows.com

AIVING SA

Gamified performance tracking solutions for sports, starting with figure skating, allowing clients to interact with and understand data in an engaging and intuitive way.

info@aiving.com

AIXA DIGITAL HUMANS

Digital human AI enabled conversations to support a range of use cases, with

current focus on education, learning & development and sales & support.

salberth@aixa-transformation.com

AMESCO AMESCO

A non-alcoholic wine alternative that meets the taste requirements of discerning wine lovers, crafted from wine grapes.

hello@itsamesco.com

BERNINOX

A Swiss brand which designs and manufactures premium, eco-friendly toothbrushes made from the finest recycled and sustainable materials.

info@berninox.com

THE GOODS CLUB

Remainder food items, that would otherwise end up as food waste, are sold for very attractive prices in „Schnäppli“- vending machines.

sarah@goods-club.ch

GENIUS LOCI

Modern, aesthetic, durable, and universal smart interconnected medals for enhancing local tourism and digitizing heritage through community engagement.

hello@geniusloci.com

SOCIAL & ENVIRONMENTAL IMPACT

ASKEARTH

askEarth, a spin-off from UZH, ETH and EPFL, uses satellite imagery to predict the future of planet Earth.

gaetan@ask.earth

COTIERRA AG

Cotierra generates transparent carbon removal/reduction for net-zero companies while bringing social benefits to rural communities through the power of biochar.

thomas.kaeslin@cotierra.com

DEMETRA

A digital coin that rewards users for responsible behavior and a blockchain platform for effective cooperation among all social economy stakeholders.

pierfranco.sofia@gmail.com

IENTREPRENE

The She-IMPact program addresses the pressing issue of women's labor market participation, through networking, soft-skills development and SDG awareness.

contact@ientreprene.com

MY BOOK OF SIGNS

Boosting recycling rates and energy efficiency in facilities through AI vision systems, which increase efficiency by up to 50% while using existing machinery.

valentin.ibars@wasteflow.ai

WASTEFLOW

Boosting recycling rates and energy efficiency in facilities through AI vision systems, which increase efficiency by up to 50% while using existing machinery.

valentin.ibars@wasteflow.ai

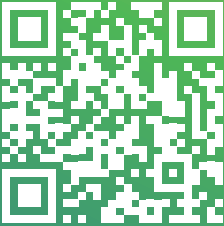

YUON CONTROL AG

A predictive and intelligent heating control system to optimize district heating networks and reduce energy consumption by 25%.

info@yuon.ch

2024 AUDIENCE AWARD NOMINEES

Who will claim the CHF 10,000 Audience Award cash prize? The decision is in your hands! Scan the QR code and cast your vote. The winner will be announced during the Award Ceremony.

CALICO BIOSYSTEMS

Predicting the efficacy of life-changing cancer therapies using a unique combination of therapeutic testing and digital solutions.

marieagnes.doucey@calicobiosystems.com

CLIMADA TECHNOLOGIES AG

Anticipating and adapting to climate impact through science-based, open-core risk analytics.

contact@climada.tech

GENIUS LOCI SA

Highlighting the hidden secrets of your region and helping to preserve the local heritage, in a sustainable and interactive way.

hello@geniusloci.com

INSEIT AG

Using innovative immobilization techniques to manufacture cleaner, greener ingredients for the chemical industry, from pharma to food and beyond.

info@inseit.ch

IRMOS TECHNOLOGIES AG

Maximizing the safe lifespan of buildings and bridges through continuous monitoring, early alarm systems and vibration control.

info@irmos-tech.com

MALAICA AG

Guiding mothers-to-be in Sub-Saharan Africa safely and comfortably throughout their entire pregnancy journey.

info@malaica.com
